Are you eligible for a Queensland Seniors Card?

The Queensland Seniors Card gives you access to government concessions and business discounts. To be eligible for a Seniors Card you must be a permanent Queensland resident and either:

- aged 65 years or older, and not working full-time, or
- aged 60 to 64 years, not working full-time and hold a Commonwealth concession card from Centrelink or the Department of Veterans' Affairs.

Business discount cards for seniors and carers

If you are a permanent Queensland resident and aged 60 years or older, you are automatically eligible for a Seniors Business Discount Card.

If you are a permanent Queensland resident, of any age, and receive the Centrelink Carer Payment or Carer Allowance, you are eligible for a Carer Business Discount Card.

These cards give you access to discounts when purchasing goods and services from participating business outlets in Queensland only, not government concessions.

To apply, phone Smart Service Queensland on 13 QGOV (13 74 68) or apply online at www.seniors.qld.gov.au – for the Seniors Business Discount Card, or www.qld.gov.au/carercard – for the Carer Business Discount Card.

Are you eligible for a Queensland Companion Card?

The Companion Card is designed for people who have a lifelong need for attendant care support in order to attend activities and venues in their community. It promotes fair ticketing and removes a major barrier to participation – the expense of purchasing an additional ticket for their companion.

Card holders present their card when purchasing tickets at participating business venues and activities, pay for their ticket and are issued with a second ticket for their companion at no charge.

Business venues and activities affiliated with the program absorb the costs associated with the companion ticket. The companion ticket is exempt from all booking fees.

The Companion Card program is not a discount scheme, concession or benefit. However the card can be used in conjunction with any recognised concession cards held by the cardholder.

To be eligible for a Companion Card you must demonstrate that you:

- are a lawful Australian resident living in Queensland, and
- have a disability, and
- because of the impact of the disability, you are unable to participate at most community venues or activities without attendant care support, and
- need, or are likely to need, lifelong attendant care support.

For more information, telephone 13 QGOV (13 74 68) or visit <http://www.companioncard.gov.au>.

The Queensland Government is offering a rebate to eligible households who replace their electric hot water system with a heat pump or solar hot water system.

The Queensland Government Solar Hot Water

Rebate will help reduce the purchase cost of a solar water heater. The rebate offers eligible applicants:

- a \$600 rebate for the installation of a compliant solar hot water system or heat pump, or
- a \$1000 rebate for pensioners and low income earners who install a solar hot water system or heat pump.

If applying for the \$1000 pensioner or low-income earner rebate, applicants must meet the eligibility criteria and also hold an eligible concession card.

For full details on the Queensland Government Solar Hot Water Rebate telephone 13 GET SOLAR (13 438 76527) or visit www.brightthing.energy.qld.gov.au and select 'rebate and incentives'.

Spectacles supply

The Spectacles Supply Scheme provides a comprehensive range of free basic prescription spectacles to eligible Queensland residents. The type of spectacles provided is based on individual clinical need as determined by an optometrist or ophthalmologist.

In addition to clinical eligibility criteria, you must be a permanent Queensland resident and hold, in your own name, one of the following concession cards continuously for a minimum of six months immediately before the date of the application:

- Queensland Seniors Card
- Health Care Card

- Pensioner Concession Card
- Department of Veterans' Affairs Pensioner Concession Card (if not eligible for spectacles provided under the department's Optical Supplies Program).

If you are eligible to obtain spectacles through the scheme, you are entitled to purchase limited extras such as tinting, UV protection and hard coating. As these options are based on personal choice rather than clinical need, you are responsible for all associated costs.

Water subsidy

The Queensland Government's Pensioner Water Subsidy Scheme provides an annual subsidy up to a maximum of \$120 off the cost of utility (water access and volumetric usage) charges. This subsidy is provided to eligible pensioner rate payers residing in the South-East Queensland Water Grid area and will be applied to your water account.

To be eligible for the scheme, you must be:

- a holder of a Pensioner Concession Card or a Repatriation Health Card — for all Conditions (Gold Card) — no other cards are acceptable when determining eligibility
- the owner or life tenant* of the property which is your principal place of residence, and
- legally responsible for the payment of local council rates and charges levied on that property.

The property must be located in the South-East Queensland Water Grid area and the subsidy is allowed on only one property at a time.

A new application must be lodged if you change your address.

For more information or to apply for the subsidy, contact the local water distribution and retail company whose contact details appear on your water account. If you were previously receiving the water subsidy on your local council rate account, your subsidy will continue in the interim but you will need to contact your new water distributor-retailer to confirm your concession card details.

**A life tenancy can be created only by a valid Will and is effective only after the death of the property owner, or by a Supreme or Family Court Order.*
